Descriptions – Public Agencies		
Agency	Target	Description
Alpine Health (AH)	People living and visiting the Alpine Shire	Provide a range of health services to the people of Alpine Shire.
Beechworth Health Service (BHS)	Residents of Beechworth, Stanley, Wooragee, Silver Creek and surrounds	The Allied Health Team consists of Physiotherapy, Diabetes Education, Podiatry, Dietetics, Occupational Therapy, Adolescent Counselling and an Allied Health Assistant providing inpatient, residential and outpatient services with some regional podiatry services. Speech pathology and social work can be accessed as needed from North East Health Wangaratta
Centacare	People of any age, race, religion or economic status	Centacare Diocese of Sandhurst Family Services provides the following services to people of any age, race, religion or economic status: counseling for marriage/relationships; personal; family & child; grief & loss and separation. Conciliation services, pre-marriage education, marriage/relationship enrichment; parenting programs and Seasons, a small group program for children who have experienced a loss through death, separation or divorce
CRS Australia	People who have an injury, disability or illness	CRS provides vocational rehabilitation services to people who have an injury, disability or illness; who want to get or retain work and who are usually receiving a Centrelink benefit (but not always). We also do insurance related Occupational Rehabilitation to provide return to work services to injured workers and their employers.
Delatite Community Health Service (DCHS)	All ages and all groups within the community	Provides community and allied health services to local government areas of Benalla and Mansfield
Early Childhood Intervention Services (ECIS) & Specialist Children's Services (SCS) Department of Human Services	Families with children birth to school entry, who have a disability and/or developmental delay. Covers the entire Hume Region.	Early Childhood Intervention Services (ECIS) provide information, therapy, education and support services for children prior to school entry with a disability or developmental delay, and their families. ECIS intake accepts referrals for service from families and professionals. Referrals are then allocated to service required. Families can access Speech Pathology, Physiotherapy, Occupational Therapy, Family Services Coordination (case management), Psychologist and Educational Advisor. ECI intake takes referrals for Specialist Children's Services (DHS) and SCOPE in central Hume region. The regional DHS service – Specialist Children's Services – is a component of ECIS and works in a partnership with agencies to provide a coordinated service to families.

Descriptions – Public Agencies		
Agency	Target	Description
